## **BASIC GUIDELINES FOR SCARECROW**

Late Entries will be accepted up to time of judging. Entries must be registered and installed by 5pm, Oct 10th, 2017, to be included for Judging. Basic 2x4 frames are available for pick up at Overmyer Water. They are included **FREE** with your \$10 entry fee. You may have multiple entries (\$10 each).

Scarecrows that are difficult to assemble may still be submitted if they are installed on the designated pole by the maker.

All pieces must be secured so as not to be easily disassembled by the weather.

Names for display are optional. They may include naming the submission, name of maker including business name /phone number/website. These signs must be easily secured to the display pole or the scarecrow as not to create a safety hazard. Suggested is using an 8 1/2x11 laminated sheet stapled to the wood poles or tied to the metal poles. *Duct tape should not be used on the new street lighting poles as it will damage the finish.*

Organizers will retain the winners of each category.  
If you do not want your entry to be kept by the committee for installation the following year you must remove it between November 1st through the 6th. Any remaining entries will be disposed of.

Organizers may omit a submission if they find the theme offensive or too political.

If entry will be set up by Festival Committee it must be no more than 3 pieces to assemble not including the name sign. Scarecrows will be stored by organizers and reinstalled each year as long as the submission maintains its integrity.
